Mr. Graves is now in the Chin Lee country and writes that he will return to Phoenix early in August.

PRICE OF LEMONS ON WAY TO SKY

Local Grocers Announce that Lemons Will Be a Luxury in the Near Future

According to local grocersmen, the price of the principal ingredient of a lemonade, namely the lemon, is going to mount to the sky. Again the reason is laid at the door of the war in Europe.

It is claimed that because the major portion of the lemons used in the United States come from Italy, and because practically all the able-bodied men in Italy are at the front, climbing mountains and trying to dislodge Austrians from their well fortified nests on top of the Alps, the crop is bound to be short. Labor has been lacking to cultivate the crop, and pickers unavailable for the small crop raised.

In addition there has been a great demand for lemons on the border. The soldiers and guardsmen guarding the line have found that lemonade beats even booze as a thirst quencher.

FOR SLIGHT BLAZE

The fire department was called out yesterday afternoon for a fire in the small dwelling at 501 West Jefferson street, owned by J. M. Perry and occupied by a family named Martin. The fire was discovered and its origin was undetermined. The loss will be about \$50.

ODD BIRTHDAY

Al Galpin, real estate and insurance man, celebrated his twenty-fifth birthday yesterday. Galpin is 25 and then some. The birthday explanation being that it is just that many years ago since he came to Phoenix from Minneapolis. The changes that he notes read like a Chamber of Commerce circular on the valley.

SUGAR RATES REDUCED

A. A. Betts, rate expert for the corporation commission announced yesterday that the commission had seen fit to grant the requests of the Santa Fe, Arizona Eastern, Southern Pacific and El Paso & Southwestern to reduce the rates on sugar from Glendale to Yuma and from Douglas to Fairbanks. The rate will be reduced about five cents on the hundred pounds.

AN UNFOUNDED STATEMENT

In connection with the escape of the two Phoenix girls, Brucella Kimmis and Mildred Clare, it was stated by a coast paper and reprinted by a Phoenix paper that the girls were wanted in Phoenix in connection with a Y. M. C. A. scandal. The relatives of Miss Clare wish to deny that statement and point out that it is well known that Miss Clare accompanied Miss Kimmis under circumstances which reflect only upon her judgment and not her character.

INSTALLMENT FINE

In order to give Fred Pochon, a gardener, the opportunity to pay the \$300 fine imposed by the superior court when he was convicted of committing assault with a deadly weapon upon the person of Harold Taffe, Pochon was given his liberty yesterday and will pay the fine on the installment plan. In lieu of payment of the fine he had already served five days of the three hundred days when released. Pochon must pay over to the authorities \$20 a month.

TO REOPEN CASE

The Corporation commission granted the petition of the Yuma Electric and Water company to reopen and hear the case of that company versus Johan Johansen. The water company claims that Johansen is operating a public utility in Yuma, while Johansen as stoutly claims he is not. Johansen owns a small electric light plant and supplies light and power to two neighbors. The commission decided some time ago that Johansen's was not in the nature of a public utility, and as such could charge the rates he desired.

CASE POSTPONED

Jimmy Blanton will have to wait to prosecute Lillian Dana the ballet mistress of the Billie House company which recently closed its engagement here. When the case came up in Judge De Souza's court yesterday it developed that the girl who threw a glass of water on Blanton when he was peering in the rear of the theater and was subsequently arrested for disturbing the peace, was absent. It is understood that the coming is playing a several weeks engagement in the southern part of the state and Miss Dana chose to leave town without notifying the court. The case was not dismissed.

COMMISSION IN REGULAR SESSION

The city commission met in regular session yesterday afternoon and while the session lasted until five o'clock, there was really little of importance carried to conclusion. The afternoon was spent in listening to a brief talk by Engineer Crandall of the Tarvia department of the Barrett company, during the course of which he extended an invitation to the commission to inspect the work on South Central avenue, adopting a motion directing the preparation of plans for the paving of First street from Adams to Van Buren and Monroe from Central avenue to Second street, discussing the question of rebating a portion or all of the expense involved in a private water main and in listening to protests from automobile men against the terms of the new jitney ordinance requiring a surety bond of not less than \$5000 on one car or not less than \$2500 on two or more cars.

The talk of Engineer Crandall had to do with the work already completed by the California-Arizona Construction company in laying Tarvia pavement on South Central avenue. Mr. Crandall stated that in another week the surface of the new pavement would be in good shape. He said that when the screenings were either tamped in or brushed off, as done with all top dressing paving, the work will be found as desirable as any paving ever laid. This will all be taken care of within a week and then the talk about Tarvia not being a well finished paving will cease. The commission accepted the invitation to inspect the work whenever Engineer Crandall is ready.

Several minor ordinances or amendments to ordinances were adopted. Adjournment was taken to Friday afternoon at 2 o'clock.

FOR THE SUMMER

Mrs. Sarah J. Westfall left last evening for Long Beach for the summer.
